

WHAT TASKS CAN I DO AT FA?

In this document we would like to present to you all of the areas in which you can help our company depending on your skills and interests.

1. Writing proposals: research and excel table

2. E-mail marketing: Mailchimp

3. Congresses

4. Creative work: social media, Canva or videos.

1. WRITING PROPOSALS

Research and contacting possible clients:

At Flamenco Agency, one of the most important tasks is to contact possible clients. These clients can be: festivals, venues or opera houses. In all of these institutions there is an artistic director who makes the decision about the programme of the venue/festival/opera house.

Our goal is to sell the flamenco performances that we are distributing.

Therefore, we need your help to contact theatres, venues and festivals from your country, and try to sell our performances.

Please go to OneDrive and read:

2. Research document nr.1 and nr. 2

What is a proposal?

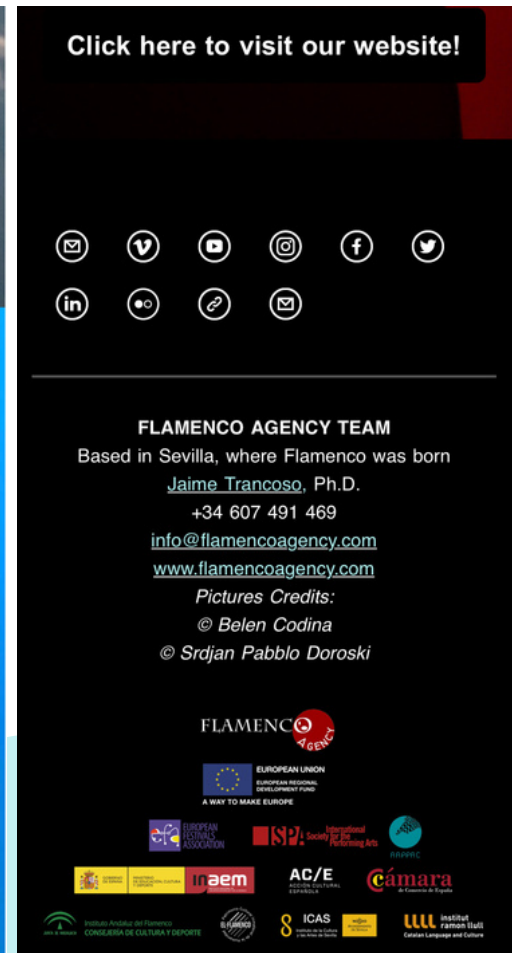

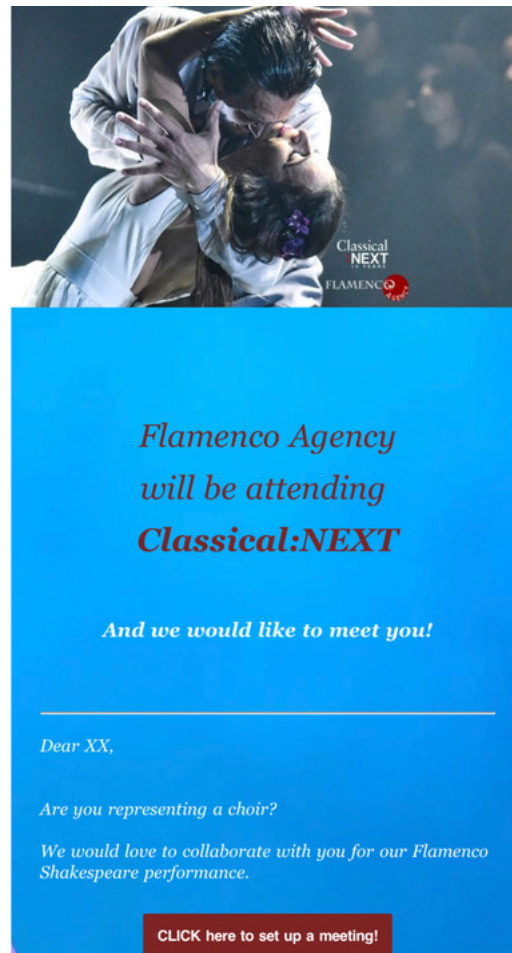

After you finish the research and the excel table is ready to be used, you can start reading more about our draft proposals, which are e-mails sent to the above mentioned clients:

OneDrive < 4. Proposals

2. E-MAIL MARKETING

Mailchimp is our e-mail marketing software. What is that? It is how we send visual and attractive emails (meaning e-mails with pictures and designs) to our potential clients:

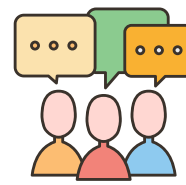

Please go to OneDrive and read:

- 6. E-mail Marketing document nr. 3

How to create a Mailchimp:

Using Mailchimp is really easy. Log in, click on Campaigns, create a new template and follow the given steps from the folder 6. E-mail Marketing document nr. 3

3. CONGRESSES

Since our goal is to promote flamenco artists and performances, we need to expand our network of potential clients. Congresses are great opportunities to meet new people such as: artistic directors, festival organisers, promoters, etc.

Every year Jaime attends musical, opera, theatre, artistic congresses such as: Classical:NEXT, WOMEX, EFA, Opera Europa, etc.

You will have several interesting tasks during this period: organising meetings, preparing e-mail marketing, being active on social media.

Please go to OneDrive and read:

- 4. Congresses

Learn more about congresses by reading the document: *It's congress time* (in this blue folder)

4. CREATIVE WORK: SOCIAL MEDIA, CANVA AND VIDEOS

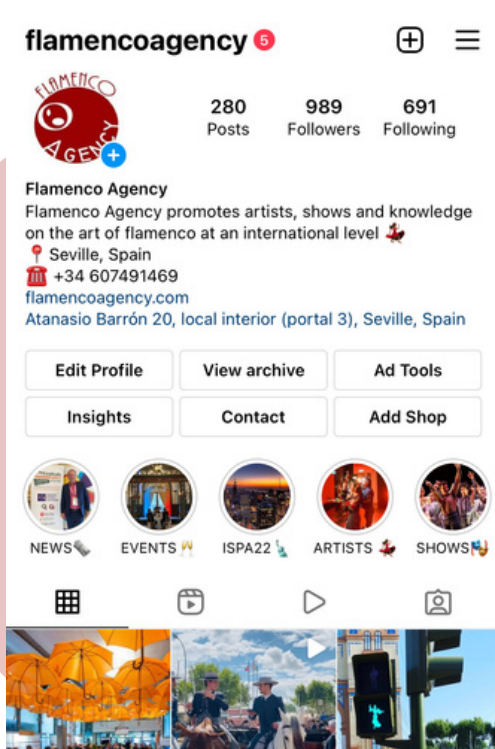

If you are interested in social media or feel you would like to be creative after writing e-mails and managing excel spreadsheets, you are free to create online content for FA.

Social media: post pictures, videos, be creative on our social platforms such as Instagram, Facebook, Llnkedin, Tiktok etc.

Canva: in Canva you can create lots of different documents and posters (this document that you are reading was also made in Canva!). Have a look in OneDrive at the dossiers (descriptions of our shows). Create pictures, videos, documents, show descriptions, invitations. Anything you have in mind!

Videos: if you are good at creating, editing, cutting videos we can always use your help to create content for our Youtube, Vimeo, Tiktok or other social platforms.

Dossier created in Canva

Please go to OneDrive and read:

- 5.Social Media
- 10. Dossiers

As you can see, we have lots of different tasks to do. There is much more than this, but we can't fit everything in one document.

You are here to learn, but also to teach us! We are open to your ideas, so let us know your interests, skills, points of view and let's work together!

If you would like to make a difference, it's essential that you take your work seriously: you should aim to give 100% and help us as much as you can to sell shows, offer new ideas and find new clients.
